4 days on campus
different foods from multitude countries in the Arab region (15 different dishes are served every week). A discussion of the ingredients, tastes, textures and eating habits of each region is done (for example, some people consume foods using utensils while others use their own fingers or hold it with bread).

- **Essential Question**
  What makes Arabs share a common heritage yet lead different lifestyles?

- **Unit Questions**
  How diverse is the physical environment in the Arab world?
  Which foods do Arabs eat and what food ingredients are used?
  How do clothing styles differ from one Arab country to another?
