STELLA: What works when developing the planning skills needed to support student learning?

Exploring Integration of Culture, Content, and Language

Jennifer Eddy
Michael Everson
Purpose of Session

to discuss the principle and to provide input to create a training piece that can be used in the spring.

Integrating culture, content and language in a world language classroom
Post-it!

Brainstorm words, phrases, or examples that come to mind when you consider:

Integration of culture, content and language.

Put these ideas on the post-its and place on the wall.
“at a glance”

View video clip from STARTALK or Annenberg that illustrates the principle
Now compare what you have seen to the AT A GLANCE document. Discuss with your colleagues.
Questions to Consider

- What did you see that captured the principle?
- What examples of this principle exist in your program?
- What strategies do you use to train teachers and/or instructors as they develop understanding of this principle?
- What resources – STARTALK or other – have you used for training purposes?
- What changes need to be made to the “at a glance” sheet?
Post-it!

Let’s share our thinking by posting and then share out.

Questions? Final Thoughts? Suggestions for “at a glance” sheet?

Thank you!
